It is no evidence that a man is a constant reader of fiction because he has to resort to many novel schemes to get away from his wife to spend his nights down town.

The Asphalt Trust seems to be up against it hard in Venezuela. President Roosevelt might send down the navy and the army to find out how President Castro did it.

It is noticed that prosecuted Senators plead "not guilty" but in their answer to the government's complaint they do not neglect to stand on their right to hide behind a technicality in the face of a jury that might otherwise find them guilty.

President Roosevelt is in no hurry to return to Washington and call President Castro to time for his "insolent" reply to Uncle Sam. Roosevelt knows there is plenty of time to call up Uncle Sam and ascertain whether or not he has done anything to deserve Castro's insolence.

Six trunks belonging to the packing houses which furnish us our dressed meats have been seized by that Chicago grand jury. How in the wide world does the grand jury expect the packers to dress their meats unless they have their trunks? LOCAL DOTS.

—A brakeman on the A. C. L. road came to the office of Dr. C. T. Harper, at the City Hall, yesterday and quietly informed the doctor that he (the brakeman) had the smallpox. Dr. Harper took a squint at the man and said he would confirm the layman's diagnosis. The colored man was bundled into a wagon and taken out to the pest house.

—The first consignment of strawberries from the A. & Y. section consisted of three crates which were shipped by Mr. A. C. Ward, of Currie, yesterday morning. The Star's correspondent at Currie writes that the crop will be cut short about one-half by the weevil. Growers there have done well with radishes this season. The prices have been very satsifactory indeed.

—The Fayetteville Observer of yesterday afternoon says there is the greatest congestion of freight ever known on the yards of the A. C. L. in that city. Five shifting engines have been sent to the scene to relieve the congestion which is composed largely of lumber, hay and fertilizers, consigned to local points. Five or six hundred cars fill the fourteen tracks, even the spur on Moore street, to the roller mills, being put to use.

WILMINGTON TO HAVE T. P. A.

Post Will Be Organized Here Within a Few Days.

Mr. E. W. Donham, general organizer of the Travellers' Protective Association of America, is expected in Wilmington early next week for the purpose of organizing a post of the well known order of travelling men which he represents. The objects of the T. P. A. are too well known to need enumeration here. It stands for all that is to the interest of the commercial traveller and the house he represents; promotes harmony with the trade and elevates the standard of methods on the roads. A large number of travelling men have their headquarters in Wilmington and a large majority of them have already signified their willingness to join the post, which will be perhaps, the strongest in the State. Mr. Donham has recently organized posts in Charlotte, High Point, Greensboro, Winston, Raleigh and will come to Wilmington from the last named city.

NEGRO FATALLY INJURED.

Brakeman Crushed Between Coach and Shifting Engine Last Night.

Ruff Boney, colored, 30 years old, a brakeman on the A. C. L. yards in this city, was caught betwen a shifting engine and a coach, under the passenger shed at the Front street station of the company, this morning about 12:30 o'c'lock and horribly crushed about the body. His injuries are internal and it is thought he can live only a few hours.

Boney was the brakeman with a shifting engine which was sent up to hostle the coaches of the late passenger train which had just arrived from the South. The shifter was backing up to the rear coach of the train when he got between the bumpers in some way and was seriously injured.

Dr. D. W. Bulluck, A. C. L. Surgeon, was summoned and after making a superficial examination of the wounded negro, finding the injuries probably fatal, sent him to the James Walker Memorial Hospital.

VETERANS IN SESSION

Annual Meeting of Cape Fear Camp Last Night at W. L. I. Armory.

THE ELECTION OF OFFICERS

Interesting Communications From General Headquarters—Commendable Effort of Daughters of Confederacy in Buckeye State.

The annual meeting of Cape Fear Camp, No. 254, United Confederate Veterans, was held last night at the W. L. I. armory, a large number of members of the Camp having been in attendance. The meeting was presided over by Commander W. J. Woodward while Adjutant R. W. Price kept a record of the proceedings. The most interesting feature of the session was the annual election of officers, which resulted as follows:

Commander—Capt. James I Metts.
First Lieutenant Commander—Capt. G. W. Huggins.
Second Lieutenant Commander—Capt. Walter G. MacRae.
Adjutant—Capt. R. W. Price.
Treasurer—Capt. W. P. Oldham.
Chaplain—Rev. James Carmichael, D. D.
Surgeon—Dr. W. D. McMillan.
Sergeant Major—A. G. Hankins.
Color Bearer—T. P. Sykes.

The standing committees will be named by the Commander later. The other business at the meeting consisted largely of the consideration of communications from General Headquarters, which were of a very interesting nature. One of the communications advised the formation of 12 new camps recently, one of which is at Scotland Neck, N. C. The whole number of camps now is 1,575 and all are in good working condition. Another of the communications was in reference to the commendable efforts of the chapter of the Daughters of the Confedracy at Cincinnati, Ohio, to preserve the grounds near that city where are buried the Confederate soldiers who perished at Johnson's Island. The communication sets forth that the present owner of the land where these soldiers are at rest has threatened to dispose of the land and no longer keep it as a burying ground; that the Daughters of Confederacy in Cincinnati have launched a movement for the purchase of the ground, which will cost $1,500 and that an additional $500 is wanted to enclose the grounds with a neat fence. They have issued an appeal to the friends of the South to aid them in their most worthy undertaking. Upon the reading of the letter at the meeting of the camp last night, upon motion, a committee composed of Commander Metts, Capt. W. P. Oldham and Capt. R. M. McIntire, was appointed to take in hand the matter of co-operation in the movement.

An official communication was read from headquarters announcing feelingly the death of the lamented Judge Jno. H. Reagan, the last surviving member of the Confederate cabinet. Judge Reagan was Postmaster General of the Confederacy and Gen. Lee pays him a high tribute as an official and as a man. Gen. Lee says that the present administration might well take lessons from Judge Reagan's management of that office, which was perfect even under the adverse conditions under which he labored.

In another communication Gen. Lee and staff expressed great satisfaction at the action of the National government in restoring the battle flags to Southern States. At the suggestion of Gen. Lee, a committee consisting of Col. W. L. DeRosset, Rev. Dr. James Carmichael and Capt. C. H. Robinson were appointed a committee to draft resolutions expressing gratification at the action of the government.

The Camp was highly pleased to receive a communication from Col. Jno. L. Cantwell stating that he was improving from his recent severe illness and was able that same day to sit up and do some work on his books. Dr. Carmichael feelingly announced that the condition of the beloved Bishop Watson continued very low. He is still unconscious and little hope for his revival is held out. The Camp expressed its sorrow at the continued illness of the Bishop.

Other business transacted last night was of a routine nature. The meeting was one of the largest and most enthusiastic held in some time and the outlook for the coming year is bright.

MRS ANNA M. WIGGINS DEAD.

Good Woman Entered Into Rest Yesterday Morning—Funeral.

Friends in Wilmington and elsewhere will learn with sincere sorrow of the death of Mrs. Anna M. Wiggins, of this city, which occurred at her home, Third and Ann streets, at 5 o'clock yesterday morning after an illness of some time. Mrs. Wiggins was 58 years of age, a native of Wilmington, and was universally loved and esteemed. She was a woman of strong Christian character, a devoted member of the First Presbyterian church and a devoted and tender mtoher.

There are left to mourn their loss one son and four daughters, who have the heartfelt sympathy of the entire community in this, the hour of their deepest sorrow. The children are Mr. Octavius A. Wiggins and Misses Bessie, Essie, Augusta and Mary Wiggins.

The funeral services will be held at 10 o'clock this morning from the family residence by the Rev. J. M. Wells, PhD., pastor of the First Presbyterian church, and the remains will be laid to rest in Oakdale cemetery.

SOME PRIMARY AFTERMATH.

Executive Committee to Meet—Interesting Speculation is Rife.

The City Democratic Executive Committee will meet in a day or two to pass upon all the final details of the recent municipal primary. Bills of the registrars, poll-holders, etc., are to be approved for payment by the city treasurer and other matters are to be finally disposed of. Fortunately there is need for no second primary and there are no contests for settlement, all the candidates for Aldermen having abided the decision of the committee to make the plurality rule apply to the returns as made Wednesday night. The new executive committee will take charge of affairs after the regular election on the first Tuesday in May or sooner if they desire to qualify.

While the late primary is still a subject of prolific discussion on the streets, the best of feeling prevails among the victorious and the vanquished and all signify their willingness to abide the result and join heartily in any movement for the "Greater Wilmington," which will be the slogan of the new administration. There is a deal of discussion about candidates for departmental offices filed by election of the Aldermen but those who are working are doing so quietly and nothing authentic can be learned for publication. The composition of the Board of Aldermen affords opportunity for interesting speculation as to the selection of these subordinate officials.

ON THE WATER FRONT.

Cotton and Naval Stores—News of the Shipping.

There was a break in the cotton market yesterday, futures having been off from 10 to 12 points. The New York spot market declined to steady at 7.85 for middling and the local market went off to 7 3-8c. Receipts locally the past week were 6,106 bales against only 171 bales same week last season. The crop year receipts, however, are still behind those up to a corresponding period last season.

The British steamer Riftswood cleared yesterday for Liverpool with cargo of 5,932 bales of cotton, valued at $247,550 and consigned by Messrs. Alexander Sprunt & Son. She will doubtless be the last steamer from Wilmington with a cotton cargo this season.

Naval store receipts for the week ended yesterday showed a very substantial gain over same week last season as did also the week before, which was the first week of the new crop year. The prices are ruling high and there is much activity in the market.

Schooner Chas. J. Dumas, Capt. Hudgins, from Carteret, N. J., to Wilmington, for which some anxiety was felt by the owners' agents in New York, arrived yesterday with cargo of phosphate for Crow Bros., of Monroe, N. C. The vessel is discharging at the Carolina Central warehouses.

THE ROYAL ARCANUM.

Grand Council Adjourns to Meet in Wilmington Next Year.

The Grand Council, Royal Arcanum, of North Carolina, completed its sixth annual sessions at Asheville yesterday and delegates from Eastern North Carolina will reach home to-day. Wilmington was chosen as the next place of meeting. The State grand council was represented by 41 of the 44 councils in North Carolina, with an attendance of over 60 delegates. The reports of officers showed that the order was in a most prosperous condition. The delegates were tendered a drive over the Biltmore estate Thursday afternoon and a reception at night as some of the social features in connection with the meeting.

Folowing are the newly-elected officers: Grand regent, Dr. E. H. Brooks, Reidsville; past grand regent, D. M. Miller, Salisbury; grand vice regent, S. M. Brinson, Newbern; grand orator, H. E. Bonitz, Wilmington; grand guide, J. T. Hedrick, Lexington; grand chaplain, F. W. Hancock, Oxford; grand secretary, Dr. J. H. Way, Waynesville; grand treasurer, A. M. Powell, Raleigh; grand warden, J. W. Norwood, Raleigh; grand sentry, H. C. Chedester, Asheville; grand trustees, Dr. V. E. Weyher, Kinston; A. J. Evans, Statesville; T. W. Slocumb, Goldsboro; additional supreme representative, H. C. Dockery, Rockingham; alternate, D. M. Miller, of Salisbury.

New Suburban Schedule.

The new suburban schedule which goes into effect this morning has been made necessary by the increased number of people who are moving to the beach, and the naturally increased travel on account of the warm weather which we have had during the past two weeks. For additional accommodation of those living at Wrightsville and the Beach who wanted to come to town early, a new train has been put on leaving the Beach at 7:15 A. M. and arriving at Wilmington at 8:00 o'clock, while the old train which formeiry left Wilmington at 8:30 will now leave at 8:45, arriving in Wilmington at 9:30. In addition to this trains will leave Wilmington hourly from 1:00 to 6 P. M., and also 7:30, 9:00 and 10:00 o'clock as formerly.

Fine Concert Last Night.

The Pringle Concert Company delighted a large audience at the Academy of Music last night as the final number in the course of lyceum attractions afforded by Messrs. Cowan Bros. this past season. The concert company is composed of some real artists who appeared to splendid advantage last night.

—The North Carolina Society of Colonial Dames will have a sale of fancy articles suitable for Easter gifts at 101 South Third street Saturday morning and afternoon. The proceeds of the sale will be for the monument fund. A committee of ladies will be in attendance and the public is cordially invited.

LAND SUIT IS ENDED

Irving vs. Blanks and Others Abruptly Closed Late Yesterday Afternoon.

IN THE SUPERIOR COURT.

Monk Quarry Case Goes Over to Next Term—Judgments in Several Uninteresting Matters—A Divorce Granted.

After consuming the better portion of the week in a tedious hearing, the Irving land suit came to an abrupt ending yesterday afternoon in the Superior Court just after an entire day of argument and Judge Allen's charge to the jury had been concluded. The last sentence in the charge was as instruction to the jury specifically that the plaintiffs could not recover and, upon that intimation, counsel for the Irvings took a non suit, which means that within a year, having ascertained the line of defence, the plaintiffs may bring another suit for the recovery of the lands in question. W. B. McKoy, Esq., of Wilmington; C. D. Koonce, Esq., of Chadbourn, and Jackson Grier, Esq., of Whiteville, are counsel for the Irvings while nearly every attorney of the Wilmington bar appears for one or more of the defendants, who are the property owners of practically all of Summer Rest, on Wrightsville Sound. The taking of a non suit by Mr. Grier occasioned some surprise and disappointment on the part of the large number of attorneys for the defendants, who, while confident of winning in the end, deplore the necessity of going into another extended hearing of the case. The suit is in forma pauperis and the county bears the court expenses.

As before stated, all of yesterday was given over to argument by counsel to the jury, Mr. Grier having concluded the same about 6 o'clock in the afternoon. Judge Allen's charge to the jury was taken in shorthand by Mrs. A. J. Howell, Jr., for the plaintiffs.

No other cases were entered upon yesterday afternoon except one for divorce entitled Louis T. Hill vs. Mamie Hill, the grounds being abandonment. Woodus Kellum, Esq., appeared for the plaintiff and the divorce was granted. The suit of Monk vs. City of Wilmington was not reached yesterday afternoon and it goes over until next term.

Court met as usual at 10 A. M. yesterday and the sheriff returned as talesmen for the day John N. Mohr, S. W. Aman and John E. Crow; not found, James W. Malley and T. E. Orrell.

A judgment of non suit was taken in the Irving land suit as to Mrs. F. G. Pritchard, one of the defendants; plaintiffs to pay costs.

In the case of The Corbett Company vs. Seaboard Air Line, judgment according to settlement was entered, plaintiff to pay costs.

Case of C. D. Weeks vs. Empire Timber Company was dismissed, at plaintiff's cost, no pleadings having been filed.

The cases set for trial to-day are of no public interest. They are as follows: Stephen Nelson vs. W. E. Chadwick; Mary F. Simmons vs. J. M. Bunting; John H. Temple vs. The Sneed Co., and Mary Bonham vs. F. G. Punke.

BOER WAR SPECTACLE.

Gen. Piet A. Cronje With 600 Boer and British Veterans.

The importance of individual training for soldiers for the army which has so recently been a subject of conference between the President and the officers of the regular army and on account of which new regulations and instructions will probably be issued that will enhance the individual ability of our soldiers, is well exemplified in the Boer War spectacle which will give two performances in Wilmington, Wednesday next, April 19th, at Hilton.

An editorial in the Augusta (Ga.), Chronicle has this to say upon the subject: "Why, therefore, the war department should be just awakening to the advisability of impressing these facts on our soldiers, is not readily apparent.

An idea of the tactics of the Boers that laid low so many of the 'Sons of the Widow,' is being represented to the life in Augusta to-day and a vivid impression is conveyed thereby of the desperate fighting that took place in South Africa in that 'little war," that was, however, so great in loss of life and treasure.

The Highlanders in their kilts and sword-bayonetted rifles, with the screaming bag pipes to cheer them on, as they have done since the days of Bannockburn on many a bard fought field, the British Lancers with the formidable weapons, when once a remnant was ridden through, the death some and carried them to the guns or rifle pits, the naval brigade from the battle ships, with the quick firing guns, and then the stalwart, sturdy, black coated Boers with their trusty rifles, carbines and "pom poms," all are there in exact representation—actual participants, indeed, in those stormy scenes so many miles away, and their parade on Broad street was watched by an interested and applauding multitude.

And from the first carriage that contained the veteran Cronje to the last man in the column, the curiosity with which they glanced over their shoulders at the Confederate monument could not but attract one's attention. Had the Boers but known it, that marble shaft all its sculptured figures commemorated an even more extensive and desperate conflict than their own, and a still more deplorable defeat. And yet, they were marching through a rehabilitated city.

As a spectacle, however, the parade was a striking one and General Crozier, the President and Assistant Secretary Oliver, might attend the performances, if they wish to study initiative and individuality in warfare.

WILLIAM H. BERNARD.

WILMINGTON, N. C.

Saturday Morning, April 15.

WILL THE PARTY STAND FOR IT?

The Thomas Jefferson day banquet at Chicago was a love feast over the municipal and government ownership idea. The Hon. William J. Bryan, of Nebraska, Mayor Dunne, of Chicago, the Hon. George Fred Williams, of Massachusett, and the Hon. Tom Johnson, of Cleveland, O., were the principal speakers. They had their own way and all were agreed on municipal ownership, and government ownership for that matter. They are strong advocates of this policy, and as a matter of fact Col. Bryan in The Commoner, soon after the Presidential election published a long platform for which he announced that he would make a fight to have adopted by the Democratic National Convention in 1908. It is distinctly a government ownership platform, and Democrats may as well prepare to line up on either side of that question between now and the next Presidential election.

The question to be decided in the next three years is whether the Democratic party will stand for it or not, or allow the radical wing of the party to carry things so far that they will capture the party organization as they did with the free silver idea in 1896. Between the acts of the corporate forces and the radical remedies that are offering, the Democratic party will have to come to some understanding. The Washington Post (Independent) sounds this warning:

"If the Democratic party manages to unite its wriggling members in time for the campaign of 1908, and makes government ownership its issue, we believe it will score a greater defeat than has ever been administered to it. That the radical element of the Democratic party is trying to make government ownership the leading issue is apparent. This element, in fact, is forced to go to extremes. Its only strength, from the beginning of Bryanism, has been in appealing to the forces of discontent and tumult. It cannot return to the path of conservatism and caution. It must dash headlong, and its end will be destruction.

"We do not believe that the American people as a whole take much stock in socialism. They are individualists, if ever any people were. They believe in running their own business. The socialist vote is cast in the large cities, as a rule, and if the facts could be ascertained we believe these votes are cast by naturalized and not native Americans. The spirit of competition is not dead in this country, nor even paralyzed, despite the evils of combination in railroads and industrial trusts. The vast majority of the business enterprises of the United States are owned and managed by individuals and firms which are in no sense trusts. These enterprises are in sharp competition.

"As for the huge combinations which attract so much attention, and which by common consent of the public are in for a smashing one way or another, their demolition will come about in some other form than government ownership, in our opinion. The United States is itself a trust, the greatest and most glorious of all, but it is a trust in government, and should remain so. It should transact only such business as is absolutely necessary for the common welfare, and which cannot be transacted by private enterprise.

"While it may be hard on Chicago, the rest of the country is to be congratulated upon the early trial of municipal ownership in Chicago on a large scale. We believe the experiment will be a total failure from the first. Already the significant statement is made that motormen and conductors of street cars in Chicago are asking for increased pay. The city will be called upon, if it purchases the railway systems, to deal with union labor stoutly intrenched. How will differences be settled? The street railway system of Glasgow is a success as operated by the municipality, but it is noted that the motormen and conductors receive less than $8 a week. Will the union laborers on Chicago's systems work for small wages in order to make the experiment a success?

"Three years will elapse before the next Presidential campaign. By that time the city of Chicago will have made its trial of municipal ownership of railways, if its people in the meantime shall vote for the enormous indebtedness that must be incurred. The street railways of Chicago, if all goes well—or ill—should be in the hands of its city council and mayor by 1908. The grafters who have made its city government notorious will have a new field of exploitation. We hope the preliminaries will be hastened, so that the full effect of the experiment will be apparent before the new issue of government ownership of public utilities is pressed upon the people of the country."

The Democratic party has always stood against the centralization policy of the Republican party and the paternalism of the socialistic idea, and there is no doubt that it will have to decide in the next three years whether it will surrender to the latter as against the former.

ENGLAND'S COTTON BOOM.

Referring to England's hold upon the cotton goods trade in Europe and the Orient, the Portland Oregonian says that "our business with the Orient is comparatively insignificant, if we except the raw cotton now going across the Pacific in increasing quantities. The prestige of long years in the business has, of course, given the British a hold on the foreign trade that is not easily shaken, but that does not explain away our failure to make the most of our opportunities, with an abundance of cheap raw material and comparatively cheap labor. There is a possibility that the protection afforded American manufacturers, and wheih enables them to exact extravagant profits from the American consumer, has a tendency to disqualify them for commercial combat with men who have built up their trade without the aid of government pap in the form of a protective tariff. The limited home market, from which an exorbitant profit can be reaped, may not, after all, be as beneficial to the cotton industry of the country as a whole as the world's markets, with a smaller percentage of profits."

Recently it has been anounced that the protection idea is growing in the South and particularly in North Carolina. It is hard to tell just what our Carolina manufacturers think of it, but one of the largest cotton mill operators in the State is decidedly against protection. He is one of our largest manufacturers and it is his opinion that the cotton mill industry is actually injured by the high tariff.

Free trade England holds her cotton trade against all comers and is going ahead building new cotton mills and investing millions in the industry.

CURRENT COMMENT.

—The appointment of a former Rough Rider as governor of Samar is significant only as causing wonder how he has kept out of office so long.—Washington Post.

—Judge Dunne won the Chicago Mayoralty because his solid Democratic strength was supplemented by the colored vote. That shows the value of a good colored supplement.—Washington Times.

—Senator Hansbrough is trying to blame Secretary Shaw for the price of wheat in North Dakota. Senator Hansbrough should understand that the growth of wheat, the price being fixed by Ogden Armour and John W. Gates.—Washington Post.

—The base-ball season is to open to-morrow, and Nan Patterson, Togo, Rockefeller, Oyama, and the rest of them need not be surprised to find their newspaper space shifted to the inside columns for a few days.—Washington Post, April 13th.

—Commissioner of Pensions Warner has been in office only a short while but he has already begun to lay up trouble for himself. He is demanding the resignation of some old employes filling important positions in the department for looseness in the conduct of their offices. Actual fraud would be a better name for it. The endeavor to operate the pension department honestly has been a rock upon which several commissioners have been wrecked.—Columbia Record.

—President Roosevelt's famous Pension Order No. 78—an arbitrary act of legislation—was not long in bearing its fruits in a large addition of the undeserving to the pension list. As stated in reports from Washington, Pension Commissioner Warner has unearthed swindling grants of pensions under this order to a Pennsylvania regiment (that of Colonel McLane, of Erie), which was never mustered into the United States service. The Commissioner has accordingly invited the Board of Review that granted these pensions to show cause why its members should not be dismissed from office. No other plea is made by the board than that after the issue of the famous legislative order of Roosevelt such a deluge of pension claims poured in that mistakes like this were unavoidable. Such an excuse for official carelessness will hardly meet with a favorable consideration. But this Pennsylvania regiment will be found on further investigation to have not been the only one whose members never heard a gun fired in anger, yet have their names upon the pension list. It was quite natural that an arbitrary order of the President for which there was no law should be followed by a lawless administration.—Philadelphia Record.

TWINKLINGS.

Mistress—Do you love babies? Maid—Yes, mum; but not on eight shillings a week—Exchange.

Mrs. Black—There goes old Moneybags. They say he is worth a million cold. Mrs. White—Yes, he will be. He carries a million insurance.—Milwaukee Sentinel.

"Humble as I am," said a loud-voiced spouter at a meeting, "I still remember that I am a fraction of this magnificent empire." You are, indeed," said a bystander, "and a vulgar one at that."—Tit-Bits.

He—And what became of that little dog you took about with you such a lot last season? She—Oh, that sort of dog went out of fashion, so I had the poor thing put out of its misery.—Exchange.

Father—If you've really bin to Sunday School, as you say, it's very strange that you smell so fishy. Bobby—That's becoz the lesson was about Jonah and the whale.—Illustrated Bits.

Mrs. Peck (contemptuously)—What are you, anyhow, a man or a mouse? Henry Peck (bitterly)—A man, my dear. If I were a mouse I'd have you up on that table ye ng for help now.—Cleveland Leader.

"Science has proved," said the professor of astronomy, "that there is no water at all in that moon. Now, what do you deduce from that?" "That there is some excuse," replied the freshman, "for its getting full so regularly."—Philadelphia Press.

Blobbs—Education is often a waste of time and energy. Slobbs—That's right. I once knew a fellow who spent five years teaching his parrot to swear and then went and got religion.—Philadelphia Record.

Ground for Suspicion—"My dear," said the bride's mother, "it seemed to me you behaved rather coldly to George this morning." "I suppose I did," replied the bride; "when one begins to doubt one's husband—" "But, surely, you have no reason to suspect—" "Haven't I? I dreamed last night that I saw him kissing another woman."—Catholic Standard and Times.

Most men are willing to let their wives train the children, but they insist on training the dog themselves.—Exchange.

A teacher in a Western public school was giving her class the first lesson in subtraction. "Now in order to subtract," she explained, "things have to always be of the same denomination. For instance, we couldn't take three apples from four pears nor six horses from nine dogs." A hand went up in the back part of the room. "Teacher," shouted a small boy, "can't you take four quarts of milk from three cows?"—Harper's Weekly.

—The term of the Federal Court at Greensboro closed Thursday. In the case of John L. Whittington, of Yadkin, convicted of defrauding the government in the conduct of his distillery, the prayer for sentence was continued until the next term of the court, Whittington paying $3,500 into court, the amount forfeited on his distillers' bond under the law when a verdict of guilty was entered. At this term of the court almost all of the big revenue fraud cases have been disposed of. Only the three cases against N. Glenn Williams are now remaining for trial. There have been over twenty thousand dollars in the shape of fines and forfeitures paid to the government as the result of the pleas and convictions of guilty at the present term. Not a single defendant has been sent to the penitentiary. One storekeeper and gauger was sent to jail six months. A fellow from over in Davidson was sent to jail twenty days, the facts showing that he was drunk and in catching hold of a rural mail box beside the road, he caught too hard, and the post and box all fell down together.

—The programme for the South Atlantic Missionary Conference has just been insured, and it promises to be the most important missionary meeting ever held in this State. The conference convenes in Asheville, May 17-21. This meeting will be a memorable occasion, as it will be formed of four large conferences—the North Carolina, the Western North Carolina, the South Carolina, and the Holston. Thousands of laymen and preachers from these conferences will be present, and a monumental meeting is assured. Hundreds of enthusiastic women will also attend.

THE COTTON MARKET.

New York, April 14.—The cotton market was more active and acted weak under further reports of little reduction in acreage, talk of freer spot offerings, and bear pressure. The opening was steady in tone at unchanged prices to a decline of 3 points, but the market almost at once turned weak under New Orleans pressure, selling of the near months by spot houses and liquidation, promoted by lower cables and continued bearish advices from the South concerning the attitude of spot holders, favorable weather, continued full receipts and progress with crop preparations. There was some support from Wall Street, bull sources on the decline, and there was covering by smaller shorts, but as prices worked off stop loss orders were uncovered and the low point was in the late trading. The market was finally steady at a net decline of 11 to 14 points, the lowest for the session. Sales were estimated 300,000 bales.

Last Hope Vanished.

When leading physicians said that W. M. Smithart, of Perkin, Ia., had incurable consumption, his last hope vanished; but Dr. King's New Discovery for Consumption, Coughs and Colds, kept him out of his grave. SPIRITS TURPENTINE.

—E. J. Justice, attorney, has brought suit in the Federal Court at Greensooro for the foreclosure of an $84,000 mortgage on the Buck Creek Lumber Company, of McDowell county. Mr Justice appears as the attorney for the creditors who are Pennsylvania capitalists. Judge Boyd has named Judge W. P. Bynum, Jr., as trustee of the property pending litigation.

—There is no better way to judge the growth of a town than by its postal receipts. For the year ending March 31, 1905, the receipts at the High Point post-office were $19,239.37. For the previous fiscal year the receipts were $16,817.62. Showing an increase of $2,471.75 for the year just ended over the previous one. This is a gain of 14 3-4 per cent. and is a splendid showing for the steady growth in business in High Point.

—Valentine Brawshock, an Austrian hailing from Cincinnati, was found in semi-conscious condition at Majolica, five miles west of Salisbury, early Thursday morning. He had been beaten severely, and it is feared fatally, by a crowd of drunken negroes who overtook him in the road Wednesday night. Brawshock was not only beaten, but was robbed of all the money he had and a good watch and was left for dead by the roadside all night. When found he was unable to move and was carried to a Salisbury hospital and will be cared for.

—Charges have been made that in many Southern States large quantities of fertilizer tags have been purchased, with the sole view of creating the impression that there has been a heavy increase in the sale and consumption of fertilizers, the object being to depress the cotton market. In an interview with the Raleigh News and Observer, the Hon. S. L. Patterson, commission of agriculture, says the reduction in fertilizer purchases will be 15 per cent. in North Carolina and 20 per cent. in other Southern States.

—At Raleigh on Thursday Governor Glenn granted one pardon and declined three other applications. He made this entry as to the man he pardoned: "Wm. Gower, convicted of manslaughter November term, 1902, in Granville county and sentenced to six years. Pardon recommended by Solicitor Brooks and many good citizens. Defendent has just provocation and was violently assaulted before he shot and in my opinion he ought to have been acquitted. He has been sufficiently punished and is therefore pardoned on condition of good behavior.

—At Newbern on Thursday, George Thompson, who murdered Martha Capps over three years ago, was convicted in the Superior Court of murder in the second degree. Judge Webb sentenced him to five years. Thompson was attending a minstrel show under a tent at the old fair grounds. He became engaged in a quarrel, pulled out his pistol and fired at random, killing one woman and injuring another. He was a fugitive from justice nearly two years, when he was located several months afo at Smithfield, arrested and taken back to Newbern.

—Just over the South Carolina line, near Charlotte on Wednesday 'Squire W. O. Bailes, known far and wide as the magistrate who has married more couples in the past few years than all of the ministers combined, shot and fatally wounded his cousin, Edward Bailes, a prominent young man of Mecklenburg county. It seems that bad feeling has evisted between the Bailes' families and that a quarrel ensued as the result of the old grudge. Bailes' physician states that his condition is very critical and the possibility is that he cannot recover from the effect of the wound. 'Squire Bailes has been arrested and will be given a hearing at Fort Mill, S. C.

A dispatch from High Point on Thursday says: Capt. Milt Jones, of Thomasville, met with the business men at the Manufacturers Club last night in regard to the railroad question, which has been under discussion here for some time. The matter was discussed at length and it was decided to recommend a bond issue on the township for $50,000 for stock in the road to be built to Wadesboro. Thomasville will also pledge a like amount. The financiers of the road only ask $250,000 between High Point and Wadesboro, which amount can be easily raised. The people of Wadesboro, it is said, would rather have connection with High Point than any other town in the State.

—In the Federal Court at Greensboro Wednesday Judge Bynum readily got a continuance in a case. When the name of his client was called, he announced that he was very anxious for trial and his client was anxious, but unfortunately he was not exactly certain about the propriety of coming into court. "Is he drunk?" asked the judge. "No your honor, he is perfectly sober," said the lawyer. "Then why can't he come into court as he is bound to do?" said his honor. "He is suffering with a mild case of smallpox" said Judge Bynum, "and he didn't know how you would like his coming into the presence of the court all broke out." "Mr. District Attorney you continue that case," said Judge Boyd. "Mr. Marshall you send that man home and tell him not to break out from there until he gets well, and Judge Bynum, the court, thanks your client for his fine sense of propriety, and for your not allowing him to break in here all broken out."

Dr. John T. Williams, one of the best known negro physicians in the State and formerly minister to Liberia under the administration of President McKinley, was bound over to the Superior court in a $100 bond, at Charlotte Thursday afternoon. It is alleged in the warrant that Dr. Williams violated the Watts law, in that he wrote a whiskey prescription for a man who was not his patient, nor had he examined him as to his condition.

—Dr. M. F. Keller, a native of Germany, but who has been practicing his profession, that of an optican, throughout the South the past three years, is in the city prison charged with also violating the Watts law in writing promiscuously prescriptions for whiskey. As Charlotte is under prohibition law the only means of getting whiskey is on the prescription of a physician from a drug store. Keller went to Charlotte a week ago and commenced handing out prescriptions right and left. In consequence of the too free use of his pen he is now behind the bars and will probably remain there as he has not sufficient money to put up for his bond. He claims that he was ignorant of the workings of the prohibition law.

A FRIEND'S ADVICE.

Will Often Help You Greatly. Read What a Wilmington Citizen Says.

You may hesitate to listen to the advice of strangers, but the testimony of friends or residents of Wilmington is worth your most careful attention. It is an easy matter to investigate such proof as this. The evidence must be conclusive. Read the following:

P. C. Le Moyne, contractor, of 223 North Seventh street, says: "I did not known that the trouble with my back was caused by my kidneys not acting properly, although I noticed the secretions from those organs were dark and very irregular, sometimes free and at other times scanty. I saw Doan's Kidney Pills advertised and went to Bellamy's drug store and got a box. I was surprised at the result, for I have not had backache since I used them. I also got a box of Doan's Ointment. I have had itching hemorrhoids or piles for years, and tried everything I knew of without benefit. Doan's Ointment gave me instant relief. I heard about Doan's Kidney Pills in England some years ago, and until now I was under the impression that they were made only in England. In addition to my backache being cured the kidney secretions have all cleared up and become normal since using the Pills."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no stubstitute.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine, E. H. Wolfe, of Bear Grove, Iowa, cheated death. He says: 'Two years ago I had Kidney Trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." R. R. Bellamy, druggist, guarantees them at 50c.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

The Morning Star.
WILMINGTON, N. C.
Saturday Morning, April 15.

IN SNOW TWO FEET DEEP.

Hunting Expedition of President Roosevelt Will Be Delayed—Colorado Children Give Him a Big Stick.

By Wire to The Morning Star.

Colorado Springs, Colo., April 14.—Fully 10,000 people assembled at the Santa Fe station to-night to meet President Roosevelt after his all-day trip from Texas on the way to hunt bears. Grand army veterans were lined up on the platform and a band entertained the crowd during the wait.

It was 7:30 o'clock when the President's special train pulled into the station. Wild cheering greeted the President, who responded to calls for a speech. After greeting the veterans of the Grand Army of Potomac, the President said:

"Now I am going to make a request of the people of Colorado. I am off on a hunt. One thing you cannot do on a hunt and that is to carry a brass band. You cannot combine hunting bears with your Fourth of July celebrations, so I am going to beg the people of Colorado to treat me on this hunt just as well as the people of Oklahoma treated me on the wolf hunt.

"If a lot of newspaper men start to come in after me, I will have to come home; that's all there is to it. The thing that you can do that will please me best is to let me be on that hunt alone and pay no earthly attention to me, or to any of my party, while I am off in the mountains. I want to ask the newspaper men, and especially the newspaper men of this great State of yours, a fair show and not to try to follow me up. If they do, it probably will mean that I shall have to give up the hunt. If they wont follow me I will agree that if anything of any earthly interest happens I will have the news sent out."

At the conclusion of the address, the President was taken in an automobile to the home of P. B. Stewart. There he received a delegation from the Chamber of Commerce of Denver, and accepted an invitation to visit Denver on returning from his hunt. An hour was spent in making preparations for departure from Glenwood Springs, and then the President returned to his special train. At 9:30 o'clock the train started, the President, standing bareheaded on the rear platform, waving a handkerchief to the crowd. The train is due to arrive at New Castle to-morrow morning at 8 o'clock.

Pueblo, Colo., April 14.—Pueblo citizens to the number of 5,000 greeted President Roosevelt on his arrival at the Union station at 5:45 o'clock this afternoon. When the special was first sighted a mighty cheer went up, and it continued until President Roosevelt appeared on the rear platform and addressed the crowd. His speech was interrupted by the presentation of a "big stick," the gift of school children. The President spoke briefly.

Promptly at 5:50 o'clock the special pulled out over the Colorado and Southern railroad for Colorado Springs. The trip since crossing the Colorado line was uneventful, except that at every station great crowds gathered to greet the chief executive.

New Castle, Colo., April 14.—With the snow two feet deep in every direction from the camp and from three to five feet deep in the hills, with the snow storm still continuing, it is possible that President Roosevelt will be compelled to delay his hunt here or content himself with smaller game than he grizzlers he has planned to kill. For a week now, the snow has fallen day after day. Not twenty-four hourse have passed without its storming. All that prevents the roads and trails from being absolutely impassable is the warm weather that has intervened and to a great extent melted the snow.

According to P. B. Welles, a Meeker hunter, who is one of the party, the camp is now in perfect shape. it has been practically decided to track the game with dogs and to follow the horses. This is considered one of the most dangerous sports and the bad condition of the ground makes it doubly dangerous now.

NAN PATTERSON CASE.

Charge of Consiracy Against Chorus Girl Withdrawn.

By Wire to The Morning Star.

New York, April 14.—The indictment charging Nan Patterson with conspiracy with J. Morgan Smith and Mrs. Smith, wrongfully to obtain money from Caesar Young was dismissed in the court of general session to-day at the request of Assistant District Attorney Rand.

Counsels for the Smiths demurred to the indictment against the Smiths and declared that the facts alleged against them, did not constitute a crime. The court reserved decision in that case. Counsel for the Smiths endeavored to secure the return of property taken from the Smiths but failed.

Miss Patterson who is about to be tried again for the murder of Caesar Young was brought into court with the Smiths. Mr. Rand told the court that a mistake had been made in drawing up the indictment against Miss Patterson and that it tended to prejudice her position in the capital case, soon to be tried.

Counsel for the Smiths then asked the court for an order compelling the district attorney to return the letters and documents taken from the Smiths and promised to produce them whenever they were wanted. The court refused the motion. Counsel said that statements as to Miss Patterson's health did not bear out the allegations and that the alleged threatening of Young with a revolver, if true, was an independent offence. He declared that false pretences could not be considered extortion. Judge Foster reserved decision.

JAMESTOWN EXPOSITION.

Gen. Lee to Speak to New York General Assembly.

By Wire to The Morning Star.

Albany, N. Y., April 14.—General Fitzhugh Lee, of Vriginia, called on Governor Higgins today in reference to the part he wishes New York State to take in the Jamestown ter-centennial exposition to be opened on May 13, 1907, at Hampton Roads. The general, who is president of the exposition company, asks that New York follow the example of several other States he has visited in promising to appropriate money for a State building and exhibit. Governor Higgins expressed himself in favor of the proposition and will arrange with the legislative leaders to give General Lee a hearing before a joint session of the Senate and Assembly next week. General Lee will remain here until the hearing occurs which probably will be by Tuesday. A bill providing for the expense of the State exhibit will be introduced in the legislature as soon as possible.

A Daredevil Ride

often ends in a sad accident. To heal accidental injuries, use Bucklen's Arnica Salve. "A deep wound in my foot, from an accident," writes Thedore Schuele, of Columbus, O., "caused me great pain. Physicians were helpless, but Bucklen's Arnica Salve quickly healed it." Soothes and heals burns like magic. 25 c. at R. R. BELLAMY, druggist.

RUSSIAN FLEET LOST TO VIEW

Admiral Rojestvensky Supposed to Be Anchored Off Philippines to Coal.

NO NAVAL BATTLE REPORTED

Russian Battleship Has Many Wounded Men On Board But It Is Not Stated How They Were Wounded.

By Cable to The Morning Star.

Berlin, April 14.—Admiral Rojestvensky's squadron is believed by the intelligence given of the German Navy Department to be lying off the Cuyos islands, 80 miles South of Mindanon, Philippine islands, re-coaling and preparing for the last stage of its long voyage. Although these islands belong to the United States they have fine anchorage outside the three mile limit with hard bottom at 20 to 25 fathoms. The German Navy Department received in a telegram to-day from one of the East Indian ports an indication that the Russians were off the Southern end of Cochin-China, April 11th, changed their course and headed on a course which would bing them to the Cuyos islands in the northern part of the Sulu sea, eight hundred miles distant, in four days at the rate of 8 knots an hour. The Cuyos Islands lie identically in such position that the approaches can easily be watched by the Russian scouts.

No News from Rojestvensky.

St. Petersburg, April 14.—The Admiralty has not received any dispatches recently from Vice-Admiral Rojestvensky. The officials say that all talk of the emergence of any of the interned Russian war vessels to joint Rojestvensky's squadron is pure nonsense. Much satisfaction and admiration are expressed in naval circles at the bold, direct manner in which Rojestvensky is carrying out the objects of his voyage.

Squadron Lost Sight Of.

London, April 15.—No news throwing light on the movement of the fleets of Vice Admirals Rojestvensky and Togo has been received here, but according to a statement made by one of the doctors on board the Russian hospital ship Orel at Saigon, the ships of the Baltic squadron were going to Valdivostok.

Tuesday being the last day, the Russian vessels were sighted it is the general opinion in London that Rojestvensky has changed his course, possibly to the eastward, as otherwise it is considered certain the fleet would have again been sighted by passing steamers.

The correspondent at Hong Kong of the Daily Mail telegraphs a report made by a steamer on April 11 that the Russian warships presented a serviceable and business like appearance.

Must Have Been a Fight.

Manila, April 14.—Bear Admiral Train, in command of the American fleet in Asiatic waters, received a telegram at 3 o'clock this afternoon from Saigon, the capital and principal port of French Cochin-China, reporting the arrival there of the Russians hospital ships Orel at 8 o'clock on the morning of April 13. The Orel had many wounded men on board.

Saigon, Cochin-China, April 13.—The Russian hospital ship Orel has sailed. She remained here 36 hours and took aboard 900 tons of coal, as well as supplies of provisions and medicines.

Lobuan, British Borneo, April 14.—The United States cruiser Raleigh sailed northwaru to-day. Her destination is unknown.

Russians Reach Kirin.

Tokio, April 14.—It is reported that the main force of Russians which retired in the direction of Hsingking, has reached Kirin. The rear guard which is estimated at 12,000 men continues in the vicinity of Harlungcheng, closely in touch with the Japanese vanguard. The main force which retired from Kaiyuan, over the Kirin road, is reported at Kirin with a rear guard of 8,000 men, at Itsuchow, Haklusu and at Sulipao, keeping in touch with the Japanese forces.

Changchen is evidently the rallying point for the Changlu and Fakumen forces. Although a force, estimated at 13,000 men has been detailed to occupy Fenchua, and 3,000 to hold Pamiencheng, the latter force seems assigned to check and retard the Japanese advance.

Tokio, April 114.—The Imperial ordinance which declares Mako Harbor on the Pescadores islands, in State of siege, becomeh operative to-day.

Russians Cut Railroad.

St. Petersburg, April 14.—Russian troops have successfully raided the railroad in the direction of Kaiyuan, about 20 miles north of Tie Pass. A dispatch from General Linevitch, April 12 to Emperor Nicholas, says:

"Our cavalry, April 9th, destroyed the railroad and wires near Yakutzu and between Kaiyuan and Changtu and on April 10 the cavalry cut the telegraph line near Kaiyuan."

MRS. CASSIE CHADWICK.

Pleaded Not Guilty to New Indictment —Bail Fixed.

By Wire to The Morning Star.

Cleveland, O., April 14.—Mrs. Chadwick, when arraigned in the United States district court to-day pleaded not guilty to the new indictment recently returned against her by the grand jury charging her with aiding and abetting Cashier A. B. Spear, of the Oberlin bank, in making false entries in the bank's books and in making untrue statements to the comptroller of the currency. Spear was also arraigned today and pleaded not guilty to the indictment. The court increased Mrs. Charwick's bail from $20,000 to $27,000. Of the $7,000 added, $5,909 was to cover the new indictment while $10,000 was named on each of two of the old indictments, upon which no bail had been specifically fixed heretofore.

In reply to a question of Attorney Wing, counsel for Mrs. Chadwick in court to-day, District Attorney Sullivan stated that Mrs. Chadwick would not be tried on any of the indictments standing against her during the present term. This is taken to mean that the government will not try Mrs. Chadwick again unless she escapes punishment on the conspiracy charge upon which she was recently tried.

THE FEUD MURDER TRIAL.

Nine Jurors Secured For Trial of Judge Hargis.

By Wire to The Morning Star.

Lexington, Ky., April 14.—Following a long wrangle between attorneys in the Hargis case, the court today excused R. W. Bacon from serving on the jury which is to try Judge James Hargis for alleged complicity in the Breathitt county, Kentucky, feud murders. Bacon yesterday admitted that he was a friend of Judge Hargis and had not only apprised Hargis' attorneys of the fact but had sent them the name of a prospective juror who was also friendly to Hargis.

The special venire summoned to procure the Hargis jury was exhausted and the court this afternoon adjourned until tomorrow with nine men accepted and one passed temporarily. Another venire of 150 men was ordered for tomorrow.

BLOOD SHED ON LARGE SCALE.

May Day May Bring Trouble All Over Russian Empire.

By Cable to The Morning Star.

St. Petersburg, April 14.—Developments all point to a crisis in the present agitation among the workmen of the cities and the peasants in the country on May Day and appeals are pouring in from all quarters of Russia for military protection. The St. Petersburg workmen are preparing a great demonstration. Arms and bombs in large quantities have been smuggled in and bloodshed on a large scale is feared. The government has taken few special measures to meet the situation evidently relying on the troops and police to guard the capital. The latter are extremely active. All the prominent agitators are being arrested or have already been sent back to the villages from which they originally came. The prisons are filled to overflowing.

The news received from the interior is alarming especially from the Baltic provinces where the entire population is in a state of intense excitement.

From Dunaburg, government of Vitebsk, come reports that the Jews are in a state of panic over the circulation of proclamations similar to those which preceded the outbreaks at Kishineff and Gomel.

Workmen's Grievances.

St. Petersburg, April 15—1:15 A. M.—In receiving a delegation of workmen from Moscow yesterday Finance Minister Kokovsoff gave notice to the workmen of Russia that a government commission is now formulating legislation to remedy the greater part of their grievances including State insurance against sickness, accident and age, and for shortening the hours of labor, abolishing the prohibition of Unions and criminal pnuishment for strikes and for the establishment of an industrial court in which employers and employed shall be represented. The minister pointed out the impossibility of elaborating in a moment legislation of such weighty and far-reaching character. He declared that the energy with which the commission is working gave it the right to demand sufficient time for the preparation and consideration of proposed laws, and said that industrial disturbances such as have occurred hamper instead of further the work.

Disturbances Feared Easter.

EXPLOSION ON STEAMER.

Fireman Cooked to Death and Buried at Sea.

By Wire to The Morning Star.

Norfolk, Va., April 14.—By an explosion aboard the British steamer Himera, Fireman J. Capara, a Greek shipped at South Shields, England, was suffocated by escaping steam. The steamer which is bound from New Orleans for Fieume and Venice via Norfolk with a cargo of corn and cotton, came in here to-day under one boiler and behind time. She sailed from New Orleans March 31, and on the afternoon of April 6, one tube plate and two furnace crowns in the starboard boiler collapsed. Only two men were below. One fireman on watch had just come up for a lamp when the explosion occurred. Captain Lockhart, was on the bridge and instantly ordered that the engines be shut down at the same time warning the engineer. Third Engineer Hodgson immediately emerged from the engine room and thus by a few seconds escaped the death which overtook Fireman Capara, who was afterward found with his arms bent and so rigid that they could not be straightened. In this position the man was buried at sea. The Himera is a steamer of 2,351 tons net register and hails from Liverpool but is owned at St. Johns, N. B.

BIG RAILROAD DEAL.

Asheville Figuring In New Connection for Seaboard Air Line.

By Wire to The Morning Star.

Knoxville, Tenn., April 14.—It is reliably stated that the 'Frisco system intends to purchase the Tennessee Central railroad within a month, connect with the Chicago and Eastern Illinois either at Evansville, Ind., or Joppa, build from Harriman, Tenn., to this city and probably secure control of the Seaboard Air Line. In the latter event the Knoxville extension would be continued to Asheville, N. C.

President A. J. Davidson, and Chairman of the Board B. F. Yoakum, of the 'Frisco have just made a tour of the Tennessee Central.

At Columbia, S. C., yesterday Marion Parr, a young cotton mill operative who killed Clarence Shealey, a mill boy, was hanged. The execution was the first hanging of a white man in South Carolina in eleven years.

JOHN PAUL JONES' BODY RECOVERED

Ambassador Porter After Search of Five Years Finds It In Paris.

Searchers Tunnelled Under Buildings —Body in Lead Coffin is in Good State of Preservation and Positively Identified.

By Wire to The Morning Star.

Paris, April 14.—The remarkable search which Ambassador Porter has conducted for the body of Paul Jones has been crowned with success by the discovery of the body, and its identification to-day by the highest French medical experts as unquestionably that of the famous American Admiral who founded the American navy.

Ambassador Porter cabled to Washington to-night announcing the successful results of his long and difficult search. The body is in a good state of preservation considering that the interment took place over one hundred years ago.

The circumstances leading to the final discovery of the body are particularly interesting. General Porter has conducted the search for the last five years and when Congress recently took no action on the President's recommendation for the expenses incident to the search the Ambassador continued the extensive labors at his own expense. A large force of workmen has been engaged night and day tunneling and cross tunneling the old St. Louis cemetery. This constituted a nuge operation embracing nearly a block covered with buildings and requiring a system of subterranean mining.

Hundreds of wooden caskets were found, but not until Wednesday were unearthed four leaden caskets which gave promise of containing the body of the admiral. Three of them bore plates designating the names of the deceased. The fourth showed superior solidity of workmanship. No plate was found on this casket and it is supposed it was removed when another coffin was superimposed on it. The leaden coffin was opened in the presence of General Porter, Colonel Bailly-Blanchard, the second secretary of the American embassy, and Engineer Weis, who has been directing the excavation. The body was found to be well preserved owing to its being immersed in alcohol. It was wrapped in a sheet with a packing of straw and hay. Those present were immediately struck by the resemblance of the head to that on the medallions and busts of the admiral. As was anticipated no uniform, decoration or sword were found, as all such articles had been accounted for after the burial.

The coffin is shaped like a mummy coffin, which coffins were common at that period, widening from the feet to the shoulders with a round top fitting over the head. The coffin was taken to the medical school where Doctors Capilan and Pailliaut, distinguished professors of the school of anthropology, and recognized authorities on such investigations, were charged with making a thorough examination for the purpose of identification. To facilitate this the Ambassador furnished them with portraits and medallions, two busts by Houdin and authentic descriptions of the color of the Admiral's hair and the height and measurement of his body. The identification was pronounced complete in every particular.

Care has been taken to keep the body in its present state of preservation. It will be placed in a handsome casket and deposited in the receiving vault of the American church on the Avenue De L'Alma until the Ambassador can learn the opinion of the government concerning the most appropriate means of transporting it to the United State and giving a fitting sepulcher to the body of the illustrious sailor whose place of burial has so long remained a mystery.

Texas Investigation of Beef Trust Fails to Catch On.

By Wire to The Morning Star.

Austin, Texas, April 14.—The Legislative Commission appointed to investigate the methods of the so-called beef trust and its operations in Texas reported to-day, stating in substance that while they had made much inquiry, there had not developed evidence of a specific violation of the anti-trust law, on which they could recommend the instigation of a civil or criminal proceeding against any particular person or corporation. The report says that the committee believes that there exists a combination of persons and corporations engaged in the business of packing in Texas in contravention of the anti-trust law of the State, and asks for an appropriation of $15,000 to be used by the attorney general to assist it in further investigation. The report was adopted.
